

**Homeownership: A Benchmark for a Vital Community** is a grassroots effort of individuals and organizations working to change community attitudes and public policies to spur development of starter homes for average working families in DuPage County.

If you are having trouble affording a home in DuPage County, then **make your voice heard** by becoming a part of the Benchmark movement!

- I wish to be kept informed of developments in the affordable housing arena – please add me to your email alerts
- I would like to bring a presentation on workforce housing needs to my church or community group – please contact me
- I would be willing to attend meetings of my city council/village board when housing issues are on the agenda
- I would be willing to contact my elected officials regarding the need for affordable housing
